BIG FINANCE BILL PASSED BY SENATE

About 250 Million in Measure Intended For Ex-Soldier Relief.

Washington, Feb. 9.—The sundry civil appropriation bill was passed by the senate tonight, carrying a total of \$412,350,000 of which \$250,000,000 is for veterans of the world war.

Among the principal items was \$18,600,000 for new hospitals and enlargement of present hospital facilities for service men as requested under the program of the American Legion. Funds for vocational training of service men, also were carried in the bill.

The appropriation of \$10,000,000 for development of the Mussel Shoals, Alabama, waterpower project, was retained without change.

During final consideration of the bill today, the senate voted to increase the appropriation for Mississippi river control from \$6,670,000 to \$8,000,000.

The sundry civil budget is but the second of the sixteen annual supply bills to be passed by the senate, and republican leaders are expressing private opinions that several of the appropriation measures appear to be doomed at this session and will be forced over into the extra session to be called by the next administration.

As passed by the senate, the sundry civil bill carried almost \$30,000,000 more than the house provided, and about \$20,000,000 less than the appropriation for the present year. It will be sent to conference to adjust differences between the senate and house drafts.

Cheerful Philosophy

There is some cheer in the statement: "If you can't get what you want you can at least want what you get."

That's all right, but why not get what you want? Suppose it does take some effort. Suppose you do have a struggle. Isn't that better than simply wanting what you get? Certainly it is. We all want money. Why not try to accumulate some? Why not open a savings account at our Bank and try, and try hard, to get what you want? We stand ready to help at every step of the journey. Slow but sure has won many a race.

MONETT HAS AUTHOR AND MOVIE WRITER

Monett has an author living right here and we didn't know it. But she positively won't let us tell her name.

She writes stories for the biggest and best magazines, including the Cosmopolitan, Metropolitan, and others, and she has also sold plays which have been produced in the movies. Last year, on one trip to New York City she sold eleven plays at the studios. They are all written under an assumed name, and that is why we have not found her out.

Oh yes, her stories are the best ever some of them so different from the little lady who writes each plot on her typewriter right here in Monett. Never thought about getting a plot for a movie here? Well, she does it, and the Studios are glad to get every one of them.

No doubt some of her plays have been shown in this city, but she wouldn't tell us.

GUNTER

Health is very good in this community.

The meeting closed here Sunday night after a grand success. There were 37 conversions.
